

# Initiation

Tory Lanez

I got it in the worst way  
Got me trapped in your love cage  
Listen, listen  
Your eyes don't glisten, glisten  
Like they used to  
And this ain't something that I'm used to, no

Uh, I landed in Miami with the top  
Tryin' spend a lil time wit a bad one  
I got a lil motto, any bitch that you fuck  
Make her badder than the last one  
I pullin' in a S50, pullin' in a fuckin' S50 shawty  
Stuntin' in a S50, stuntin' in a fuckin' S50

Like oooohweeee, who's he?  
These niggas just talk and if they don't like it, sue me  
I'm too deep, I'm too deep  
But not with my niggas, wit 2 freaks, yeah

Look I need somebody  
So do you want to be somebody, yeaah  
I'm tryna see some shawty  
That's what you need to do to be down for it, ahh  
Initiation, initiation  
Initiation, initiation  
You wanna get down with a nigga you gotta be patient  
Initiation, initiation

I know the way you operate  
It's much easier than falling again  
I know you won't cooperate  
But I know far too much to buckle now

Pullin' up the cameo in Miami  
She steppin' out the Maserati eyeing at me  
I'm pourin' up, I'm wit a Dirty Diana  
Shawty get it poppin', shawty called Keiyanna  
Okay, okay  
I heard you goin' both ways, you don't say  
I know your friends tryin' do it off a Dolce  
I went out walkin' and she actin' outta role play

Like oooohweeee, who's he?  
These niggas just talk and if they don't like it, sue me  
I'm too deep, I'm too deep  
But not with my niggas, wit 2 freaks, yeah

Look I need somebody  
So do you want to be somebody, yeaah  
I'm tryin' see some shawty  
That's what you need to do to be down for it, ahh  
Initiation, initiation  
Initiation, initiation  
You wanna get down with a nigga you gotta be patient  
Initiation, initiation

I know the way you operate

It's much easier than falling again  
I know you won't cooperate  
But I know far too much to buckle now

She hopped off the plane and she said her name  
I wanna get it, bitch I wanna tame  
Baby you know you a piece for the P nigga  
One Umbrella mad love it's so hard to compete wit us  
Hop in the rari', I head to the streets nigga  
I'm all in the trap house, I'm duckin' the Dee's wit her  
I work out the work and she workin' for me nigga  
She'll do anything for some new Céline  
All on the highway, all on the highway  
My whip be smokey like it's from Friday  
This shit amazing, this feel amazing yeah  
Girls in my mouth and I fucked her, we bake and they gone  
Holla at a real nigga cause shawty I know you need somebody  
I'm not sounding insultin', just sayin', just sayin', just sayin'  
Fuck what I'm sayin', just sayin', sayin'
