

Makaveli

Tory Lanez

(Gangsta greasy, yeah)
(Years in the making)
(New toronto)
And when I go they gon' remember me
Like mother fucking Makaveli
(You know I've been there in the winter time)
These niggas's started
I would finish I came back and finished like I am Makaveli
(It's quite cold outside)
(Let's warm this bitch up)
Bandana around my head like I'm Makaveli

(Ya ready)
I pull out the porsche, I jump in the mazi
Then it's the wraith again
We'll be rich forever
I pull out the porsche, I jump in the mazi
Then it's the wraith again
I told them we could be rich together
(Real ones can't be stopped)
(Tory lanez, DJ Drama)
And when I go they gon' remember me
Like mother fucking Makaveli
These niggas thought that I was finished
I came back like I am Makaveli
Bandana around my head like I'm Makaveli

I pull out the porsche, I jump in the mazi
Then it's the wraith again
We gon' be rich forever
I pull out the porsche, I jump in the mazi
Then it's the wraith again
I told them we could be rich together

Reincarnated Makaveli

Real money call the lawyer for the deal money
Way a nigga laughing to the bank, you would think the checks are looking real funny
Know I couple niggas that would kill for me
Couple bitches that would steal for me
Nigga's still love me, women still love me
Cause they only get it true and real from me
I'm a full time jaw dropper
Pardon nigga, but I give it to 'em
All this Activis up in the Sprite
This shit was getting to it, I was sipping through it
I was with the ruger, nigga really shooting
Putting bitches all up in the Bentley coupe
It's Birkin to the, to the, to the, titty too
I rode Aventador like it's a rented coupe
Boy we the other side when them other guys talking down
Talking bout how we run shit
Talking bout how we shut it down

Came in the with the whole thing of the old thing
Roll chain with the SoulTrain
With the white girl, baby cocaine
And you know the name, and you know the name
Lord, on God, boy right now, parked outside, straight black Masi
On God, boy right now, I own heat, no Pat Riley
Made a million dollars rap touring
I ain't talking no Kyle Lowry
Young nigga like the ten commandments, always got ten thous on me

I pull out the porsche, I jump in the mazi
Then it's the wraith again
We gon' be rich forever

I pull out the porsche, I jump in the mazi
Then it's the wraith again

All I want that pit, shit
Hopping in it like the governor
Hopping in it with the cover then jump in the whip and the trunk it go dan-
da-da-dan-da-da
When I step in, I'm fresh and updated
And my women get fresher, the fragrance
Niggas definitely is the greatest
Barely when I'm faded, pay this in the making
Had to talk what the team made me
You be selling a dream, ain't it?
When my niggas was starving, you niggas was out buying bitches Celine, ain't
it?
We can make it a ting, ain't it
We should make it a ting, ain't it
Yeah we know you a star player, only one on your team with a ring, ain't it

Level legit, tell a sucker nigga settle the bid
You ain't got it, niggas double or dead
Used to have to work a double a day
Now I get up and go up and away
I go up on a plane and go fuck with LA
Fuck what you say, I go dope with the k-k-k-k-k-k-k
Clap that nigga, that nigga got something to say
I started day to day, like fuck what a hater say
I know it hurt them to see my commercial all over the AMAs
Or maybe it killed them to know that we number one up on the Airwaves
I'm careless nigga, I'm fearless
Mama these niggas gon' hear me, Fuck'em

And when I go they gon' remember me
Like mother fucking Makaveli
These nigga's started I would finish
I came back like I am Makaveli
