

# More Than Friends

Tory Lanez

Why won't you let me love you?  
Why won't you let me love you?  
You know that's all I wanna do  
You know that's all I wanna do  
Ride for you, I'll die for you  
Why won't you let me love you?  
You know that's all I wanna do  
(You know that's all I wanna do)

Trust me, yeah, trust me  
I know you wanna trust me, girl  
Love me, yeah, love me  
I know you wanna love me, girl  
You love the way I pull the Porsche out  
On Pembroke Pines  
Wind the window down  
Know I dig you, wanna make you mine  
Take you to Moshi Moshi  
Tryna wine and dine  
Tryna get your tan on  
Tryna be tearin' me fine, yeah

I know, time is tickin', tickin', want my mind blown  
I cannot forget it, girl, you're my only  
I need you to get it  
I want you to be more than my homie

Why won't you let me love you?  
Why won't you let me love you?  
You know that's all I wanna do  
You know that's all I wanna do  
Ride for you, I'll die for you  
Why won't you let me love you?  
You know that's all I wanna do

Can I pull up later, baby?  
You got me on standby  
I'm a player, baby you fuckin' my mind up  
In my best designer  
Shawty wastin' time, but it's time to make your mind up  
I know you like the way the 458 skates  
See the diamonds in the dash  
You ain't worried 'bout the cash  
But you know I got the game that be feelin' like a cheat  
Got the stars in the roof, double R's in the seat  
I'ma dawg, I'ma freak  
Come fuck with me I'll beat that pussy W-E-T  
Tell your friends that I'm your homie, I'm not tryna be  
Not tryna wing it  
I just don't know how to bring it  
Let my nigga PARTY sing it because...

I know, time is tickin', tickin', want my mind blown  
I cannot forget it, girl, you're my only  
I need you to get it  
I want you to be more than my homie

Why won't you let me love you?  
Why won't you let me love you?  
You know that's all I wanna do  
You know that's all I wanna do  
Ride for you, I'll die for you  
Why won't you let me love you?  
You know that's all I wanna do
