

Pluto's Last Comet

Tory Lanez

I call her my baby with love in my eyes
She tends to call me crazy, that's no surprise (Surprise)
She's on my radar, a 747
But when I spoke to her, I got no reply (Ooh)

She's not nice, to fall in love think twice
I put my love on ice (That's right, baby)
She's not mine, but mine enough alright
She doesn't know my life (That's right, baby)
But that's alright

I feel it (Feel), want it (Want), need it (Need), up on me (On)
I feel it (Feel), want it (Want), need it (Need), up on me (On)
I feel it (Feel), want it (Want), need it (Need), up on (On)
I feel it (Feel), want it (Want), need it (Need)

Du-du-du-du (Driving me crazy)
Du-du-du-du (She won't be my lover)
Du-du-du-du (Her body is warm)
Du-du-du-du (And she's under my covers)
Du-du-du-du (Driving me crazy)
Du-du-du-du (She won't be my lover)
Du-du-du-du (Her body is warm)
Du-du-du-du (And she's under my covers)

I met her in my city, was so surprised
She's mean but she's so pretty, I don't know why
Some how I got her number, I'm calling her phone
She seems to never answer, she leaves me so alone

She's not nice, to fall in love think twice
I put my love on ice (That's right, baby)
She's not mine, but mine enough alright
She doesn't know my life (That's right, baby)
But that's alright

I feel it (Feel), want it (Want), need it (Need), up on me (On)
I feel it (Feel), want it (Want), need it (Need), up on me (On)
I feel it (Feel), want it (Want), need it (Need), up on (On)
I feel it (Feel), want it (Want), need it (Need)

Du-du-du-du (Driving me crazy)
Du-du-du-du (She won't be my lover)
Du-du-du-du (Her body is warm)
Du-du-du-du (And she's under my covers)
Du-du-du-du (Driving me crazy)
Du-du-du-du (She won't be my lover)
Du-du-du-du (Her body is warm)
Du-du-du-du (And she's under my covers)

Oh yeah
No there's things that we both cannot say, mmh
Baby, I only have these words to blame, uh

I feel it (Feel), want it (Want), need it (Need), up on me (On)
I feel it (Feel), want it (Want), need it (Need), up on me (On)
I feel it (Feel), want it (Want), need it (Need), up on (On)

I feel it (Feel), want it (Want), need it (Need)

Du-du-du-du (Driving me crazy)
Du-du-du-du (She won't be my lover)
