

## Same Way

Tory Lanez

Yeah, yeah  
Ohh, yeah-yeah, ay

Shawty remind me of a bad bitch from the nineties  
Good sex and a Rolex and a time piece  
I can never play her like a side piece  
I can never try to do her grimey, gotta keep her beside me  
Moving through the city and I'm cruising  
Tying up the loose ends  
Having wet dreams, dreaming lucid  
Feel like I got caught by one of them Goddamn  
Thots that's from Cupid, but I ain't stupid, uh

It's the same thing  
We probably gon' get caught up in the same way  
You cheat, and I cheat, boy  
You probably know that we're the same way, uh  
It's the same thing  
We probably gon' get caught up in the same way  
You cheat, and I cheat, boy  
You probably know that we're the same way, yeah
