

# The Most Beautiful...

**Total**

Verse One:

When my eyes met your eyes,  
I knew from that day,  
I wanted you everyday.  
And baby tonight would be so right,  
For me and you.

Bridge:

You're so beautiful,  
All my life I stood by.  
Just standing all alone,  
Without no-one to call my own.  
You came by and changed my life,  
Now I'm dancing,  
'Cause you gave me your heart to call my own.

Chorus:

What you are to me,  
Is everything I need,  
As far as I can see,  
The most beautiful.  
(Repeat x2)

Verse Two:

Finally you're starting to touch me,  
And you made it right.  
My body's starting to go into an overdrive,  
You got me high.

Repeat Bridge

Repeat Chorus

Break:

You are beautiful,  
Yes you are beautiful.  
(Repeat to fade)
