

## Blood in the Snow

### Totally Enormous Extinct Dinosaurs

How much longer?  
Before the damm begins to break  
Crashing water  
Fill my lungs and levitate

Ooh but I want her  
More than you know  
Names for a daughter  
Blood in the snow

Precious winter  
Enough with all the growth  
I like it colder  
Rest a while then go for broke

Ooh but I want her  
More than you know  
Names for a daughter  
Blood in the snow
