I keep
Tell me why
I keep on thinkin' about
Tell me why I need to think of you anymore

I keep on thinkin'
Tell me why I... -more
Tell me why-
I keep on thinkin' about my love
Tell me why I need to think of you anymore
I keep on thinkin' about my love
Tell me why I need to think of you anymore
I keep on thinkin' about my love

Rivers running through, it's running through
It's running through, it's running
Sky will let you know, I'll let you know
I'll let you know, I'll let you
Rivers running through, it's running through
It's running through, it's running
Sky will let you know, I'll let you know
I'll let you know, I'll let you
Rivers running through, it's running through
It's running through, it's running
Sky will let you know, I'll let you know
I'll let you know, I'll let you
Rivers running through, it's running through
It's running through, it's running
Sky will let you know...

I keep on thinkin'
Tell me why I need to think of you
I keep on thinkin'
I keep on thinkin' about my love
Tell me why I need to think of you anymore
I keep on thinkin' about my love
Tell me why I need to think of you anymore
I keep on thinkin' about my love
Tell me why I need to think of you anymore

I keep on thinkin' about my love
(Rivers running through, it's running through
It's running through, it's running)
Tell me why I need to think of you anymore
(Sky will let you know, I'll let you know
I'll let you know, I'll let you)
I keep on thinkin' about my love
(Rivers running through, it's running through
It's running through, it's running)
Tell me why I need to think of you anymore
(Sky will let you know, I'll let you know
