

# Only You

Toto

Waiting for you again  
Seems like this never ends  
I close my eyes and I see your face  
And I see it all fading away

Woke up before you again  
You're still asleep I can't pretend  
I feel like I'm losing you  
And I am trying to make everything right

Only you  
Only me  
Say the words I want to hear for all eternity  
Only you  
Holding my heart in your hands  
Only me  
Still trying to understand, whoa no oh oh

If I could have a second chance  
Maybe change the circumstance  
Imagine if the dream came true  
We could start it all over tonight

Only you  
Only me  
Say the words I want to hear for all eternity  
Only you  
Holding my heart in your hands  
Only me  
Still trying to understand, whoa no oh oh

Only you  
Only me  
Say the words I want to hear for all eternity  
Only you  
Holding my heart in your hands  
Only me  
Still trying to understand, whoa no oh oh
