Waiting for you again Seems like this never ends I close my eyes and I see your face And I see it all fading away

Woke up before you again You're still asleep I can't pretend I feel like I'm losing you And I am trying to make everything right

Only you
Only me
Say the words I want to hear for all eternity
Only you
Holding my heart in your hands
Only me
Still trying to understand, whoa no oh oh

If I could have a second chance Maybe change the circumstance Imagine if the dream came true We could start it all over tonight

Only you
Only me
Say the words I want to hear for all eternity
Only you
Holding my heart in your hands
Only me
Still trying to understand, whoa no oh oh

Only you
Only me
Say the words I want to hear for all eternity
Only you
Holding my heart in your hands
Only me
Still trying to understand, whoa no oh oh
