

Struck By Lightning

Toto

You can drown in your sorrows, you can float out to sea
Where the maelstrom is hollerin', for a moment you're free
Oh, vanguard warrior, you're a long way from home
Where the eagles are soaring, and kings are enthroned

Can you save me?
Can you save me?
Can you save me?
I've been struck by lightning

You've been spared from the gallows, but it's still not the end
You got the rest of your life to make your amends
It's harbor you're seeking, and shelter from harm
Don't leave me here stranded, better sound the alarm

Can you save me?
Can you save me?
Can you save me?
I've been struck by lightning

The heavens opened up, and an angel spoke:
"You can't go home, they'll just keep throwing stones
You're better off on more enlightened shores
You stick around and you'll get nothing"

Can you save me?
Can you save me?
Can you save me?
