Touché Amoré

A real burning question  
Does it matter?  
When did opinions become lessons?  
Doesn't matter  
So you give advice for free  
Does it matter?  
You couldn't pay me to agree  
Doesn't matter  
Let me paint a perfect picture  
Let it read like a holy scripture  
The words that leave my mouth  
Are just words you can live without  
Found community a struggle for me  
It's a collision, clash and grieve  
Nonsense screws and breeds  
Thoughts untethered went lost at sea  
Cough up a pointless lecture

Does it matter?  
Vomit me more conjecture  
Doesn't matter  
Argue till your left brain dies  
Does it matter?  
Presume to abuse my time  
Doesn't matter  
Let me paint a perfect picture  
Let it read like a holy scripture  
The words that leave my mouth  
Are just words you can live without  
Found community a struggle for me  
It's a collision, clash and grieve  
Nonsense screws and breeds  
Thoughts untethered went lost at sea
