

Skycraper

Touché Amoré

[Verse 1]

Atop the skyscraper
One hundred and two floors
New York City
It was yours
It's yours

[Chorus]

You live there
Under the lights
You live there
Under the lights
You live there
Under the lights
You live there

[Verse 2]

Below the busy streets
We watch your dreams unfold
New York City
It's all yours
It's yours

[Chorus]

You live there
Under the lights
You live there
Under the lights
You live there
Under the lights
You live there

[Outro]

You live there
Under the lights
You live there
Under the lights
You live there
Under the lights
You live there
Under the lights
You live there
Under the lights
