

# Keep

Toulouse

Not much of a soldier  
When I step on the field  
I swear you can smell fear  
When it gets the better of me  
Every day's a drawn out battle  
Every day I got to win  
To keep sane out here  
It's a war zone out here

(Gotta keep my)

There's poison in the well  
Booby traps to hell  
Lies on television  
Damnation from the preacher  
Gotta keep my head up  
(Gotta keep my)  
Gotta keep my head up  
(Gotta keep my)

Gotta hold my own  
Well above the waters  
Gotta keep on  
Keep on  
Young ones keep growing up too soon  
I'm tryna keep from being consumed  
Keep

I don't think I was  
Being too naive  
Life's always gonna  
Take a lot more than it give  
Can't always see the  
Blessings  
It's a mosh pit  
At the base of maslow's pyramid  
Best believe

There's poison in the well  
Booby traps to hell  
Lies on television  
Damnation from the preacher  
Gotta keep my head up  
(Gotta keep my)  
Gotta keep my head up  
(Gotta keep my)

Gotta hold my own  
Well above the waters  
Gotta keep on  
Keep on  
Young ones keep growing up too soon  
I'm tryna keep from being consumed  
(Gotta keep my)  
Keep  
(Gotta keep my)
