

## Enveloped In Python

### Tourniquet

My pet, my pet-how fun you are  
I trust you so much I even leave the cage door ajar  
You'd never harm me, but just to be safe-I admire you from afar

The coiling is fast  
This time it's your last  
Your soul asphyxiated  
Final chance for escape terminated

Enveloped in python  
Constriction complete

So harmless-me the master-you the slave  
I reach out to touch you-I'm getting so brave  
You affect me but little-I still haven't changed  
And to those who find me abrasive-it's you that's deranged

The coiling is fast  
This time it's your last  
Your soul asphyxiated  
Final chance for escape terminated

Enveloped in python  
Constriction complete

Where dreams become nightmares  
Of total defeat

Not just a white line or addiction of some kind  
But entanglement with anger or to bitterness bind
