

Freaky Friday

Tove Lo

I wish you could feel like this

I know I wear my jeans too tight
But I still fit 'em, though
Make waves when I go out at night
Am I too visible?
Your words are kinda like a knife
You're super critical
Your words are only yours, not mine

Live my life for here and now
Make mistakes that got me here somehow
If I die, I made it count
So ask yourself, did you miss out?

I wish you could feel like this
Swimming in the swimming pool of bliss
Psychedelic shit
It's a freaky Friday, we could switch
Love it, you love it
'Cause living in my body is a trip
Yeah, I wish
Yeah, I wish you could feel like this (Uh)

Come get under my skin, you're in
So where you wanna go?
I've been to hell and back, it's cool
It's not that hot, you know
Let's go look at those people
Look at those bodies, look but don't stare
Let's go look at that ego
Look in the mirror, say, "Mm, yeah"

Live my life for here and now
Make mistakes that got me here somehow
If I die, I made it count
So ask yourself, did you miss out?

I wish you could feel like this
Swimming in the swimming pool of bliss
Psychedelic shit
It's a freaky Friday, we could switch
Love it, you love it
'Cause living in my body is a trip
Yeah, I wish
Yeah, I wish you could feel like this (Uh)

Living in my body, living in my body
It's a freaky Friday, living in my body
We could switch (Uh)
Living in my body, living in my body
It's a freaky Friday, living in my body
We could switch (Uh)
Living in my body, living in my body
It's a freaky Friday, living in my body
We could switch (Uh)
Living in my body, living in my body

It's a freaky Friday, living in my body
We could switch (You wish)
