So, intoxicated and faded, I'm in the club, barely made it
I see the look on your face and it says that you want it later
But you ain't too into waitin', I fly you to different places
Took all your crew and amazing cause they ain't doing the same shit
Barely knew what your name is, don't care who you just came with
Make a move and get famous, get your mission completed
Use the other politic or entertainment
I just got a couple things I wanna know cause everything is moving slow

This is the best place in the world

I usually wouldn't ask this though

You know I'm under the influence
So don't trust every word I say, I say (Wiz Khalifa man)
When I'm under the influence
It's a blur, but I want my way, my way
You know I'm under the influence (boy meets, boy meets, girl meets, girl)
So don't trust every word I say, I say
Sounds good without making sense (boy meets, boy meets, girl meets, girl)
It's a blur, but I want my way, my way
When I'm under the influence
