

Perfect Loop

Tove Lo

I wear my heart on my sleeves so he knows how I feel
Whatever he believes I'm in it for real
He crushes everything I wanna make him feel safe
Take him under my wing, that's his favourite space

Because you know that we were in a perfect loop
I don't wanna loose this, loose this feelin' with you
We're in a perfect loop, I don't wanna break it down
We're in a perfect loop, totally perfection the sound and the b
eat of our hearts
We're in a perfect loop, and I don't wanna break it down

He's always watching me with a hint of a smile
And he will let me breath without asking me why
Gets me out of the dark, I've always laughed at his jokes
I guess we have that spark and now we already know

Yeah, you know that we were in a perfect loop
I don't wanna loose this, loose this feelin' with you
We're in a perfect loop, and I don't wanna break it down
We're in a perfect loop, totally perfection the sound and the b
eat of our hearts
We're in a perfect loop, and I don't wanna break it down
(Don't break it down)

Don't don't break it down
Don't break it down
Don't don't break it down

We're in a perfect loop and I don't wanna loose this, loose thi
s feelin' with you
We're in a perfect loop, I don't wanna break it down, no
We're in a perfect loop, totally perfection the sound and the b
eat of our hearts
We're in a perfect loop, and I don't wanna break it down

Don't break it down
Don't break it down
Don't break it down
