

Baby goddamn
Got me so bad
Wish that I had you all the time
Don't wanna wait
Love me 'til late
Come on and stay just you and I

Oooooooooooh eh
I need your love
I need your body
Oooooooooooh eh
I need your love
Around the clock baby

Twenty twenty
Twenty twenty four
Hours baby
I need you plenty
Twenty twenty
Twenty twenty four
Hours baby
I need you plenty

24 H
All of my days
Come on and lay down everything
Make me so high
Love me all night
All of my time don't cost a thing

Oooooooooooh eh
I need your love
I need your body
Oooooooooooh eh
I need your love
Around the clock baby

Twenty twenty
Twenty twenty four
Hours baby
I need you plenty
Twenty twenty
Twenty twenty four
Hours baby
I need you plenty

I need you today
And the day after
You need me too babe
Nothing else matters
I need you today
And the day after
You need me too babe
Nothing else matters

Ooooh ooh ooh
24/7

Around the clock
Ooooh oooh oooh
Let's do it do it

Need you baby

Twenty twenty
Twenty twenty four
Hours baby
I need you plenty
Twenty twenty
Twenty twenty four
Hours baby
I need you plenty

I need you today
And the day after
You need me too babe
Nothing else matters
I need you today
And the day after
You need me too babe
Nothing else matters
