

Mood Swings

Tove Styrke

Yeah, I got mood swings
And I do things you don't like
I'm a mess, I'm a wreck, I'm a savage
But you keep coming back for this bad bitch
Mood swings
I might lose it all tonight
I'm a mess, I'm a wreck, I'm a savage
But you keep coming back for this bad bitch

I got, I got, I got, I got two sides
One I call Jekyll, one I call Hyde
One minute I love you and you're all mine, all mine
Then I change my, change my mind

Don't get mad at me when I'm emotional
Don't argue with me, it's non-negotiable
This just how I be, it ain't intentional (It ain't intentional)

Yeah, I got mood swings
And I do things you don't like
I'm a mess, I'm a wreck, I'm a savage
But you keep coming back for this bad bitch
Mood swings
I might lose it all tonight
I'm a mess, I'm a wreck, I'm a savage
But you keep coming back for this bad bitch

Nine lives
In and out of heaven and then I spiral
I've been to hell and back a few times, few times
I can't hide what I got on the inside

Don't get mad at me when I'm emotional
Don't argue with me, I'm feeling vulnerable
This just how I be, don't take it personal

Yeah, I got mood swings
And I do things you don't like
I'm a mess, I'm a wreck, I'm a savage
But you keep coming back for this bad bitch
Mood swings
I might lose it all tonight
I'm a mess, I'm a wreck, I'm a savage
But you keep coming back for this bad bitch
