

Get Yo' Feet Back on the Ground

Tower of Power

Woman, you ain't got no business tryin' to run my life,
no.

'Cause I'm sick and tired of you tryin' to tell me
what's wrong and what's right, Hey!

If you're plannin' on stayin' around for a while
you gonna have to change your style
Ain't gonna be no more messin' around, Hey!
Just get yo' feet back on the ground, aw girl. Hey!

Maybe you don't think I'm serious
I hope that ain't the case, No.
'Cause if you blow it one more time girl
you done made your last mistake, Hey child!

Ain't gonna be no more messin' around
no more cruisin' around downtown
I don't want to have to bring you down, Hey!
Just get yo feet back on the ground, Aw baby. Hey! Hey!

Guitar solo - 8 bars
Solo continues with horn line - 8 bars
Solo continues with horn intro riff - 8 bars

You can't walk a straight line, girl
if you're wearin' crooked shoes, No!
Best get your head together
'cause it's you that's bound to lose, listen here!

I just have to take the time
to get this straight within your mind
Ain't gonna be no more jivin' around, no baby!
Just get yo' feet back on the ground

Help me, fellows (Get yo' feet back on the ground)
I want you to say it with me now (Get yo' feet back on
the ground)
Hey! hey! hey! (Get yo' feet back on the ground)
Say it one more time y'all (Get them feets back on the
ground)
