Ready

Towkio

If you ready-
(You down there need to just [?])
If you ready-
I can-I-I can do what you-If you ready-
(Just crank the whole thing real quick, uhh, look)
If you ready-
(Just on the A bar)
I-I can do what you-If you ready-

If you ready, then why you waitin'?
Servin' tables ain't turnin' tables, don't get complacent
Or start complainin' or start confessin' I'm not Usher Raymond
I usher minds, control waves, and that's an understatement
It's a movie, get your popcorn ready, I was born ready
Born Sinner in this Cole world, don't test me
These waters will flip your cruise ship, like "Ohhh shit"
That glacier'll sink your boat but the same thing will bring you hope
I'm like

If you ready
I can give you what you
If you ready
I can-I-I-what you
If you ready
I can give you what you
I can give you what you
I can give

I said I've been ready
I'm tired of waitin', I'm tired of playin', this shit stress me
Like when I'm gon' make it and how they gon' take it
I'm so used to winnin', man, winnin' contagious, been winnin' since I was a baby
So I move forward
So when I go kick it it get messy
I told 'em dig, dig, dig
Pass the surface, see what you get
What you find? Boy I give 'em gifs
That's a moving pic, call a foul
I'm callin' shots, so call the cops
Have 'em calm me down
What The fuck' bitch...

If you ready
I can give you what you
If you ready
I can-I-I-what you
If you ready
I can give you what you
I can give you what you
I can give

Are you ready?
Are you ready?

I hope you ready, there's so much more in store
Get a whiff of some chloroflorm make em all confrom

I'm in my rarest form
So why the fuck you think they staring for?
I transform, I'm abnorm, hope the language translatin'
Transport like your passport, see this a man sport
Only give it if they ask for it, get your mind out the box
Quit aimin' for the backboard

I can give you what you want
Want ohhh, want ohhh, want ohhh
(I can't wait, I said I'm ready, I can't wait)
Want ohhh, want ohhh, want ohhh
(I said I'm ready, I can't wait)
Want ohhh, want ohhh, want ohhh
(I said I'm ready, I can't wait)
Want ohhh, want ohhh, want ohhh
(I said I'm ready, I can't wait
I said I'm ready, I can't wait
I said I'm ready, I can't wait
I said I'm ready, I can't wait)
I can give you what you lookin' for
