

## Lazy River

Town Mountain

A thousand miles from home the red dirt stains my feet  
Carving out a living on a mountainside so steep  
Promised all the things money could own  
Now the only thing he wants is to be gone

Rise up with the morning, soon to be gone  
Bound for the Gulf, then on down to Galveston  
Worry hold him down, it's hard to toe the line  
Tell the Captain, "Farewell, adiós"

Crystal Springs sparkle and shine  
Gold in the banks, buried in time  
Leave the rushing water, lazy river roll  
Swanee, oh Swanee, Swanee take me home

If what he said ain't true, it's lies he would tell  
Coins lost long ago, further on down south  
Boats on the river, shallow water, run aground  
Left fortune for those who desire

[?] lays a river, never worked a day  
'Til I saw mine slowly fade away  
To be a lonesome river, I life I'd even choose  
'Cause lonely is the life that we're all living

Crystal Springs sparkle and shine  
Gold in the banks, buried in time  
Leave the rushing water, lazy river roll  
Swanee, oh Swanee, Swanee take me home

Crystal Springs sparkle and shine  
Gold in the banks, buried in time  
Leave the rushing water, lazy river roll  
Swanee, oh Swanee, Swanee take me home
