## **No Lonesome Tune**

## **Townes Van Zandt**

I ain't gonna sing no lonesome tune
Ah, babe, I'm a-commin' soon
I cannot believe I stayed so long away
But a man must look around
And you're the sweetest thing I've found
Your lost high roller's rollin' home today

My daddy said to me son, it's hard as you will see To find someone upon whom to rely In the kitchen mama sneezed And he grinned big as you please Said bless you and a tear come to his eye

I did decide that very day
That I would like to live that way
And now I know I just been wastin' time
It's with you that I should be
If you feel the same 'bout me
I'm headed home along the straightest line
