

White Freight Liner Blues

Townes Van Zandt

1. I'm going out on a highway listen to them big truck's whine

I'm going out on a highway listen to them big truck's whine

oh white freight liner won't you steal away my mind.

2. When the Mexico ain't bad Lord people there they treat you kind

when the Mexico ain't bad Lord people there they treat you kind
oh white freight liner won't you steal away my mind.

3. All alone I'm gonna ramble till get back to where I came
all alone I'm gonna ramble till get back to where I came
oh that white freight liner's gonna hold away my break.
