

Hyper Reality

Toxik

You have an inability
To decipher your reality

(When the natural's superseded
By the supernatural, feel it!)

Depend on technology
To create
Society

We're trading fact for fiction
Beyond the real the benediction

(Betray yourself for your addiction)

Responsibility
Negated by a false deity

Hyper reality
We cease to be
We cease to be
(We cease to be)

Hyper reality
We cease to be
We cease to be

The authentic fake, make no mistake
It's the blue pill you chose to take
It's inside out, it's upside down
To challenge it, is out of bounds

Hyper reality
We cease to be
We cease to be
(We cease to be)

Hyper reality
We cease to be
We cease to be

Hyper reality
We cease to be
We cease to be
(We cease to be)

Hyper reality
We cease to be
We cease to be
