

Poor Davey

Toy Dolls

There was Davey, there was Davey
There was Davey, happy happy Davey
His girlfriend's gone
His girlfriend's gone away, away...

All he wants is a room with the stars
Looking down across Davey
The sun and the moon and the sky high are
Just too fine for poor Davey

There's nothing left, there's nothing left
There's nothing left to see for Davey...
He wants to be, he wants to be
He wants to be alone to see...

All he wants is a room with the stars
Looking down across Davey
The sun and the moon and the sky high are
Just too fine for poor Davey

Why did she love him so? Why did she have to go?
Poor Davey doesn't know, now Davey's all alone, alone...

She did upset, she did upset
She did upset Davey, Davey, Davey
He won't forget, he won't forget
He won't forget, not he, not Davey...

All he wants is a room with the stars
Looking down across Davey
The sun and the moon and the sky high are
Just too fine for poor Davey
