

# Moving On

Toya

Just getting used to waking up everyday  
Not seeing your face  
I just began to stop setting your place  
And I stop longing for your warm embrace  
And it was God that made me able  
To finally sleep at night  
Though you're not by my side  
Finally I don't hardly cry  
See right when I start letting go  
Somebody wants to let me know  
Can they take your place  
No they can't fill your space  
No

I tried to move on but you're not gone  
Cuz in my heart you still live on  
See now I know why  
I'll never love another for the rest of my life  
And why  
Now that you're gone I'm holdin' on  
And deep in my heart  
I wanna move on  
And now I know why  
I'll never love another for the rest of my life

I finally put your cloths away  
You know the ones you wore the day  
That you were taken away from me  
I just began to stop wearing my ring  
And I finally stop playin' our song  
Whe I realizied I was dancin' alone and  
Finally God gave me strength  
To go on and breath again  
See right when I start letting go  
Somebody wants to let me know  
Can they take your place  
No they can't fill your space  
No

I tried to move on but you're not gone  
Cuz in my heart you still live on  
See now I know why  
I'll never love another for the rest of my life  
And why  
Now that you're gone I'm holdin' on  
And deep in my heart  
I wanna move on  
And now I know why  
I'll never love another for the rest of my life

Now that you're gone I'm holdin' on  
And deep in my heart  
I wanna move on  
And now I know why  
I'll never love another for the rest of my life

God knows it's time for me to move on

I want to feel alive again  
I want to be in love again  
And no matter how hard I try  
I can't erase you from my mind  
And I gotta find somebody new  
But I just can't give over you

I tried to move on but you're not gone  
Cuz in my heart you still live on  
See now I know why  
I'll never love another for the rest of my life  
And why  
Now that you're gone I'm holdin' on  
And deep in my heart  
I wanna move on  
And now I know why  
I'll never love another for the rest of my life
