

# Better Days

TQ

Mmmmmmm, yeah  
I, I, I, I, I  
Ooooohhh, yeah, yeah, yeah  
You tripping  
In the morning when I wake up I think about  
All of the crazy things that we've been through  
And my mama she told me there were gonna be days like this  
And I guarantee she was tellin' the truth  
When I close my eyes I see Eazy  
No more thuggin' just lovin' every day (every day)  
In the heavens above with his DJ  
Listenin' to music that I just made, hey

[Chorus]

Just wanna sing a little somethin' for the people that done passed away  
Now tell me can you feel it  
When you're livin' in better days  
And I pray to God I hope your listenin'  
If we try that we can one day be  
For one time in your mind  
Everything is alright  
Until it happens I'll be on my knees begging for a better way

And my background say...

Now every once in a while  
I remember that I (mmmm mmm)  
I miss my grand daddy  
All the little things we sat and talked about  
I wish you could see me now  
From the side of my bed with my head down  
To outside with my homies tipping gin now  
Seem like I got a whole lot a friends now  
So let me tell you what I'm talkin' about  
And now that I got my mind made up  
I ain't got no time to wait up  
So I'm gonna keep giving it way up!  
If you ever should think I ain't true to that  
In "My peoples if you wit me where you at"  
We brought y'all back!

[Chorus]

Just wanna sing a little somethin' for the people that done passed away  
Now tell me can you feel it  
When you're livin' in better days  
And I pray to God I hope your listenin'  
If we try that we can one day be  
For one time in your mind  
Everything is alright  
Until it happens I'll be on my knees begging for a better way

So break it, break it, break it, break it, break it, break it, break it on d  
own  
Break it on down, yeah  
Mmmmmmm  
Say yeah, yeah, yeah, yeah  
Wow

My, my, my, my  
Just wanna say a little something, something

[Chorus]

Just wanna sing a little somethin' for the people that done passed away  
Now tell me can you feel it  
When you're livin' in better days  
And I pray to God I hope your listenin'  
If we try that we can one day be (one day be)  
For one time in your mind (one day be)  
Everything is alright  
Until it happens I'll be on my knees begging for a better way
