

## Head

TQ

This flight is only an hour  
Feel like the whole damn day  
Baby I'm on my way  
I see you at the baggage claim

Just like a flower  
Girl you're so beautiful  
Utterly sexual  
Nobody else feels the same  
And all I really wanna do is stay in the bed  
You know I love it when you play with my head

I just want it all day  
All night, all day  
Give me your body  
All day, all night  
All day, all night  
I just want it all day  
All night, all day  
What you do baby  
All day, all night  
All day, all night

Seem like we've been here for hours  
Maybe we should go somewhere  
Maybe we should do something else  
Maybe we should leave

But then here comes the power  
Your body starts wining  
Then in no time we  
We back under the sheets

(It's like we hooked on something baby)  
And all we wanna do is stay in the bed  
We give it to each other straight from the head

I just want it all day  
All night, all day  
Give me your body  
All day, all night  
All day, all night  
I just want it all day  
All night, all day  
What you do baby  
All day, all night  
All day, all night

Baby I don't wanna leave  
It's like they take away my head every time I go  
So baby can you take it slow mama  
Way down low 'cause I need some more before  
I go catch my flight

And I wish I didn't have to go  
I wanna stay in the bed  
And that's straight from the head

You give me that head, give me that head

I just want it all day  
All night, all day  
Give me your body  
All day, all night  
All day, all night  
I just want it all day  
All night, all day  
What you do baby  
All day, all night  
All day, all night

I just want it all day  
All night, all day  
Give me your body  
All day, all night  
All day, all night  
I just want it all day  
All night, all day  
What you do baby  
All day, all night  
All day, all night
