

# I Get Around

TQ

Last week in Atlanta  
I met her at the Freak Nik  
In a black truck  
with a short haircut  
& a gang of her homies  
And she was on me cuz she said she liked Cali men  
So that translated to grits and cabbage early in the morning  
She used to scream "'TQ I'll do anything that you want me to  
Just come stay with me.'"  
Girl that's somethin' that I can't do  
It ain't nothin' wrong wit you  
Don't take it personal  
Let me explain to you

[Chorus]  
As for me  
I just wanna fuck around tonight  
But then I gotta leave  
Have to be the only one to work your body right  
Didn't you know I was a G? (Don't ya get mad at me)  
Because I never spend the night (So give me yo' keys)  
Can't you see  
I ain't settlin' down  
No I ain't settlin' down  
Cuz I get around

Why you lookin' so surprised?  
Was you thinkin' different?  
Ain't got no problem with firin' up the candlelight  
But you gon' have to finish 'em  
Cuz I ain't got time for Valentine presents  
I make sure I'm always outta town that day  
And if I don't return your message  
Don't go gettin' mad, I'll get around to it one day

[Chorus]  
As for me  
I just wanna fuck around tonight  
But then I gotta leave  
Have to be the only one to work your body right  
Didn't you know I was a G? (Don't ya get mad at me)  
Because I never spend the night (So give me yo' keys)  
Can't you see  
I ain't settlin' down  
No I ain't settlin' down  
Cuz I get around

It ain't no need to tell you no lies  
I don't want no new girlfriends  
No no no  
Everytime I think about  
Do a whole lot better without  
Somebody sweatin' me  
I can't take this sweatin' G  
You know you can come to my room  
whenever I'm in town  
(Ooh yeah)

Don't give a fuck about  
anything you do  
when I ain't around  
I had to take some time to let you know exactly what I'm about  
Cuz I'll be back next Sunday  
(I'll be back Sunday)  
and I'm gon' wanna dig you out

[Chorus]

As for me  
I just wanna fuck around tonight  
But then I gotta leave  
Have to be the only one to work your body right  
Didn't you know I was a G? (Don't ya get mad at me)  
Because I never spend the night (So give me yo' keys)  
Can't you see  
I ain't settlin' down  
No I ain't settlin' down  
Cuz I get around

[Chorus]

As for me  
I just wanna fuck around tonight  
But then I gotta leave  
Have to be the only one to work your body right  
Didn't you know I was a G? (Don't ya get mad at me)  
Because I never spend the night (So give me yo' keys)  
Can't you see  
I ain't settlin' down  
No I ain't settlin' down  
Cuz I get around

[Chorus]

As for me  
I just wanna fuck around tonight  
But then I gotta leave  
Have to be the only one to work your body right  
Didn't you know I was a G? (Don't ya get mad at me)  
Because I never spend the night (So give me yo' keys)  
Can't you see  
I ain't settlin' down  
No I ain't settlin' down  
Cuz I get around
