

# One Day

TQ

The Game What you make of it  
Is what you can take from it  
Understand?  
Whatever your hustle is  
Get it on my nigger  
Even if it's wrong my nigger  
You heard

I heard a story  
About 23 years old  
And I heard it from somebody  
That I used to know  
Spending days lonely  
With no place to go  
But to the corner  
For a little more love  
I'm talkin' bout a youngster  
That didn't understand  
All the shit that come with being a man  
Just wondered who right  
Control his own life  
Yes it's true u gotta  
Crawl before u walk  
but you weren't supposed to crawl again  
so u see it ain't right  
if I don't get mine

If I can't get no scrill  
At home gotta get going  
We don't bet no  
Gotta stay long  
Gotta stay strong  
Get my own dough  
Bring it back home  
Throw my cares away  
Cos we all gonna bald one day  
We all gonna bald one day

Sittin' with my homies  
On a 120th  
Drinkin' on 40  
When I should have been home (should have had my ass at home)  
And everybody told me  
That the game don't last long  
Leave it alone  
Before your long gone  
But they was talkin' to a youngster  
With a plan to role  
To have some paper before your 20 years old  
And I guess y'all wonder  
At my videos  
And remember that I told you so  
Ain't gonna tell you shit done came free  
But I got to live my life 4 me  
Even if I didn't do it like u said  
I still got paid

If I can't get no scrill  
At home gotta get going  
We don't bet no  
Gotta stay long  
Gotta stay strong  
Get my own dough  
Bring it back home  
Throw my cares away  
Cos we all gonna bald one day  
We all gonna bald one day

Gotta get in to get out  
It's the way that I was brought up  
Tight to underground  
And never smoke your product

1979 a bit of husslin'

If I can't get no scrill  
At home gotta get going  
We don't bet no  
Gotta stay long  
Gotta stay strong  
Get my own dough  
Bring it back home  
Throw my cares away  
Cos we all gonna bald one day  
We all gonna bald one day
