

Got It Down

Trace Adkins

I might get side-swiped, I might get way laid
I've been known to cash some checks above my pay grade
I've been busted by some broncos that I never should have battl
ed
Picked my pride up out the dust and got right back up in the sa
ddle

My daddy's daddy's grandpaw's daddy passed it down to me
I'm a neck red bred and corn bread fed, hard headed SOB
Yeah, that's me, still hanging tough enough for another round
When it comes to never giving up, I got it down

This one's for you, baby

Sometimes we argue, sometimes we fight, girl
Maybe that's why we get along 'cause we're both right, girl
I guess it takes ones to know one and that's how I recognize it
You put that sweet thing in my mustang and you weren't afraid t
o ride it

Your momma's momma's grandma's momma passed it down to you
That bible thumping chicken dumpling cowgirl attitude
Yeah, that's you, still hanging tough enough for another round
When it comes to never giving up, you got it down

My daddy's daddy's grandpaw's daddy passed it down to me
I'm a neck red bred and corn bread fed, hard headed SOB
Yeah, that's me, still hanging tough enough for another round
When it comes to never giving up, I got it down
When it comes to never giving up, I got it down
Yeah, I got it down
Alright
