## I Came Here to Live

## **Trace Adkins**

I grew up in a town where tough was a cigarette And a souped up car on a county road Nothin' much to do back then
So we'd make bets
On how much drink a guy could hold
And I held my own
Learn to hold my own

Daddy works some dead-end job at the concrete plant Mama taught the Sunday bible class For eighteen years I remember thinkin' There was more to life than that So I ran the streets to beat the Devil Goin' just as fast as I could fly 'Cause I came here to live I didn't come here to die

Mama used to wait for me with the porch light on Worried about her little boy 'til I got home Daddy he'd say listen son But back then there wasn't much That I didn't already know

I reckon I was doing close to 80
When I felt the tire slip out from under me
And I never set out lookin' for Jesus
So I guess Jesus come lookin' for me
And He found me upset down in a ditch
Smokin' gas in my eyes
And He said son you came here to live
You didn't come here to die

Sunday morning I got up and I went to church That summer I got a job and I went to work Met a girl in town put some money down On a little house with a yard

Our little boy was due in September But he came early in July For eighteen days all I remember Was settin' there at his side Sayin' son open up your eyes Just open up your eyes 'Cause you came here to live You didn't come here to die Son you came here to live
