I'm Gone

Trace Adkins

If you give me that look again
I'll tell you how it's gonna end
I'm gone, yeah I'm gone
When you look at me that way
I swear if you don't behave
I'm gone, I'm gone

Snatch you up, kiss your lips
You got curves, I got fingertips
I ain't gonna let you go
And you ain't gonna want me to
Gonna kill the lights, gonna lock the door
Ain't puttin' up with this no more
Take you all the way to heaven
And love the hell out of you
Yeah, baby that's what I'm gon' do
Baby, that's what I'm gon' do

If you put on that sexy dress
And leave your hair up in a hot mess
I'm gone, yeah I'm gone
You know that perfume gets to me
Ain't no doubt, you better believe
I'm gone, yeah I'm gone

Snatch you up, kiss your lips
You got curves, I got fingertips
I ain't gonna let you go
And you ain't gonna want me to
I'm gonna kill the lights, gonna lock the door
Ain't puttin' up with this no more
Take you all the way to heaven
And love the hell out of you
Yeah, baby that's what I'm gon' do
Baby, that's what I'm gon' do
That's right,
Yeah I'm gonna

Snatch you up, kiss your lips
You got curves, I got fingertips
I ain't gonna let you go
And you ain't gonna want me to
I'm gonna kill the lights, gonna lock the door
Ain't puttin' up with this no more
Take you all the way to heaven
And love the hell out of you
Yeah, baby that's what I'm gon' do
Yeah, baby that's what I'm gon' do
Baby, that's what I'm gon' do
That's what I'm gon' do, baby
