

## Semper Fi

Trace Adkins

He sat in that long line of barber chairs  
The Sergeant asked him, son, would you like to keep your hair?  
He said, yes sir as he heard those clippers buzzing home  
The sergeant said, well hold out your hands, cuz here it comes.

Semper Fi, do or die  
So gung ho, to go and pay the price  
Heres to Leathernecks, Devildogs, and Jarheads  
Parris Island in July, Semper Fi

I sleep in my bed instead of the foxhole  
I never heard my boss tell me to lock n load  
Aint no bullet holes in the side of my SUV  
Cuz the kid next door just shipped out overseas

Semper Fi, do or die  
So gung ho, to go and pay the price  
Heres to Leathernecks, Devildogs, and Jarheads  
And Parris Island in July, Semper Fi

For the few that wear the dress blues  
Haircut high and tight  
Who are proud to be the first ones in the fight  
Semper Fi

Semper Fi, Do or Die  
So gung ho, to go and pay the price  
Heres to Leathernecks, Devildogs, and Jarheads  
And Parris Island in July, never leave a man behind  
Your a Marine, a Marine for life
