## (This Ain't) No Thinkin' Thing

**Trace Adkins** 

I been thinkin' 'bout our love situation All this attraction in the present tense I've reached the only logical conclusion Love ain't supposed to make sense

This ain't no thinkin` thing, right brain, left brain It goes a little deeper than that It's a chemical, physical, emotional devotion Passion that we can't hold back There's nothin` that we need to analyze There ain't no rhyme or reason why 'Cause this ain't, this ain't no thinkin` thing

Forget mathematical equations Self help psychology Gray matter don't matter much darlin` When it's gettin` down to you and me

This ain't no thinkin` thing, right brain, left brain It goes a little deeper than that It's a chemical, physical, emotional devotion Passion that we can't hold back There's nothin` that we need to analyze There ain't no rhyme or reason why 'Cause this ain't, this ain't no thinkin` thing

There's nothing that we need to analyze There ain't no rhyme or reason why 'Cause this ain't, this ain't no thinkin` thing This ain't, no this ain't no thinkin` thing
