

Forever

Trace Cyrus

Sleep with both eyes wide open
Hope this pill keeps me rolling
Regret the words that were spoken
It was the drinks talking
I made a bet with the devil
Hope this codeine keeps me leveled
I got my foot on the pedal
Burning down the blacktop

24/7, girl you're always on my mind
Vision kinda blurry as the whiskey's running dry
Cocaine on the table just to get you off my mind
I'm living in the fast lane, pray I make it through the night

Our love got lost in a letter
But I think we should fight through the weather
And if you come right back baby, you'll see
We could last forever girl, I'm playing for keeps
I don't sleep through the night but I'm still trapped in a dream
I guess I'm going crazy, you're the one that I need, forever

Hallucinate when I'm smoking
Stay wasted on love potion
Memories of our bodies in motions
When you first kissed me
I'm on the highway to hell
Think you casted a spell
No more secrets to tell
I think about you nonstop

24/7, girl you're always on my mind
Vision kinda blurry as the whiskey's running dry
Cocaine on the table just to get you off my mind
I'm living in the fast lane, pray I make it through the night

Our love got lost in a letter
But I think we should fight through the weather
And if you come right back baby, you'll see
We could last forever girl, I'm playing for keeps
I don't sleep through the night but I'm still trapped in a dream
I guess I'm going crazy, you're the one that I need, forever

I could say I'm sorry but I know it's not enough
I left you so wasted, heart was broken in the club
I left with another, it's so hard to give it up
I left you so jaded, heart was broken in the club

Our love got lost in a letter
(I need you more than ever, I need you more than ever)
But I think we should fight through the weather
(Come back you're the one for me, come back you're the one for me)
And if you come right back baby, you'll see
We could last forever girl, I'm playing for keeps
I don't sleep through the night but I'm still trapped in a dream
I guess I'm going crazy, you're the one that I need, forever
