

Like a Snowman

Tracey Thorn

There's only one way through the winter
As all the broken heart know
There's only one way back to spring time
Dancing naked in the falling snow
Dancing naked in the falling snow
Like a snowman
Like a snowman
La la la la la la la
La la la la la la la
So give me one rose for Christmas
Give me one holy day
Give me your love for something
Knowing how soon it will fade away
Knowing how soon it will fade away
Like a snowman
Like a snowman
Dancing naked in the falling snow
Melting even in the falling snow
Like a snowman
Like a snowman
