Love love love love love  
Leanin' like a shadow over me  
Love love love love love  
Jingle jingle, midnight Tamborine

Baby, you're callin' for me like a cat in the tree  
But my claws can't keep me hangin' on  
Come baby, walk my way, don't be afraid  
If I don't know what to say, I don't wanna hurt nobody

Love love love love love  
Leanin' like a shadow over me  
Love love love love love  
Smile your ancient smile down on me  
Love love love love love  
Singin' like a seabird to the sea  
I get captured by you, it's all I can do  
Not to dig my fingers into the bruise  
Baby, we're far from home, I'm all alone  
Now all I know, I don't wanna hurt nobody

Love love love love love  
Smile your ancient smile down on me  
Love love love love love  
(Ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh)  
(Ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh, ooh)

I get captured by you, it's all I can do  
Not to dig my fingers into the bruise  
Baby, we're far from home, you're all alone  
Now all I know, I don't wanna hurt nobody

Love love love love love
