Talk to You

Tracy Chapman

Gotta talk to you, baby, Talk to you now Say it isn't too late Slamming the door, walking out I got a feeling Feelings don't lie Don't let the words escape me now Escape me now

Gotta talk to you, baby, Talk to you now Say it isn't too late See me again, we'll work it out I got a feeling Feelings don't lie Don' let the words escape me now Escape me now

Gotta talk to you, baby, Talk to you now Say it isn't too soon See me again, sort it out I got a feeling Feelings don't lie Don't let the words, oh, escape me now Oh escape me now

Oh I got a feeling Feelings don't lie Don't let the words, Don't let the words, don't let the words, Oh escape me now Oh escape me now
