

## Fade on You

Trade Wind

Test me on my draw  
Race me through the fog  
Catch me on my drop  
Either way it won't be long  
Until I'll fade on you all  
Without a sound  
It'll all be gone  
I'll fade on you all  
This time around  
I won't take no fall  
I'll fade on you all
