

## Grey Light

Trade Wind

I picture you next to me  
Slowly breathing  
And fast asleep  
Yeah, fast asleep  
The grey light comes rushing in  
It bounces off the walls  
And it sticks to me  
Yeah, it sticks to me

Then you walk in the room  
The grey light it covers you  
Don't make a move  
Yeah, it covers you  
Then you take off your shoes  
You're trying to give me clues  
But I turn away  
Then you walk away

Yeah, you walk away, oh  
Yeah, you walk away, oh  
Yeah, you walk away, oh  
Yeah, you walk away, oh  
Yeah, you walk away

We swim in our secret lives  
Swing from these blurry lines  
And no one knows  
No, no one knows  
I suffer the endless doubt  
While I cum in your mouth  
I beg you to stay  
But you walk away

Yeah, you walk away, oh  
Yeah, you walk away, oh  
Yeah, you walk away, oh  
Yeah, you walk away, oh  
Yeah, you walk away
