

Nashinga

Trade Wind

Oh, I wish you would talk to me
Get in bed and lay next to me
We don't have anywhere to be
All I need is you next to me

And if you go
I'm coming with you
Yeah
I'm coming with you
When the time comes
It's my time too
And when you go
I'm coming with you

Anywhere I went you followed with me
When I got lost you took the lead
You bring out the best in me, there's no question
Oh, I owe you everything

And if you go
I'm coming with you
Yeah
I'm coming with you
When the time comes
It's my time too
And when you go
I'm coming with you
