

Walk Me in // Plant Me in Your Garden

Trade Wind

Oh, you know what you want to know
Yeah, you'll go when you want to go
I step your line
And keep your time
You bet that I'll go low
Yeah, I show what I want to show
What you see, you've never seen before
So walk me in
Just plant me in your garden
Just leave me there
And I won't beg no pardons
Swing back through
You know it's always quiet
Who you talking to
You know I'm always buying
Yeah, tell me who you're thinking of
I know you can't get enough
Oh no, I know this can't be love
So walk me in
And plant me in your garden
