

Three's A Crowd

Trademark

Inside this suitcase full of dreams
There are broken hearts and memories
A faded photograph of us
Is all that I have kept
Well you know it's not like me to cling
So I'll walk away from everything
Cause I don't really want to fight
Say something I'll regret
But I think you know that I love you still
I always have and always will

[Chorus]

One heart is a lonely place
While you've been loving someone else
One heart is an island baby
Don't you think that i could tell
Two hearts would be perfect
But you know it's not a perfect world
There's only one thing left to say
That you should know by now
Three's a crowd

So tell me something I don't know
Like you, you don't ever want to let me go
I heard he looks a lot like me
So will you promise him
That you will love him faithfully
You won't do to him what you did to me

[Chorus]

How can you say that you are telling me the truth 'cause
Baby only fools believe
When there's so much to lose
