Uh

Ayy, cut my mic up

I been linin' up these hundreds like they out of order  
I ain't doin' shit for me, it's for my sons and daughter  
Anything they say they want, I bet I make the order  
They showed a TikTok of a Maybach, I spent a quarter  
Hood Denzel, they been actin' up  
Blessings on the way, I been packin' up  
Count time, they been rackin' up  
Kept it movin', ain't no backin' up  
Guess they in they feelings, I been stackin' up  
Handshakes just ain't matchin' up  
Five percent tint just ain't black enough  
They see the paint clean, wanna scratch it up  
I been slidin' on these fours, ain't no crackin'  
All these diamonds on me cold, get my napkin  
Just in case I gotta sneeze, nah, I'm cappin'  
Know I pick my destination, I'm the captain  
I gotta ball on 'em daily like I'm 'Melo  
I was pressure on them haters like Canelo  
I was solid while them others kept it Jello  
In the streets, I been connected, I'm Zello

I feel like shit been kind of different, I ain't fittin' in (I ain't fittin' in)  
I know some people in they feelings, they ain't gettin' in (They ain't gettin' in)  
Send this money on a mission, let it spend again (Let it spend again)  
I hate to say, they play with me, I make 'em quit again (I make 'em quit again)  
Every time I walk outside, they be lookin' at it (Lookin' at it)  
Tryna get a clear picture, we don't do the static (We don't do the static)  
Seen a couple niggas turn, couple niggas ratted (Couple niggas ratted)  
When it come to bein' me, guess it's automatic (Guess it's automatic)

I been fightin' with these zeros, they been runnin' wild  
Spend another twenty ball just to help the smile  
God's son, he gon' bless his child  
Haters imitation, I done set the style  
I treat my whip like it was Nip, I had to double up  
Should've been a butcher how I'm cuttin' up  
Tryna close a hater mouth, they ain't shuttin' up  
XFL, on they neck, go to roughin' up  
I ain't here to try to clear no rumors  
I'm in they head like a set of tumors  
I be laughin' like a set of humor  
Now they hatin', should've seen it sooner  
I'd probably be mad if I was them, but I ain't though  
Talkin' 'bout the shit they could've did, but they can't though  
I don't buy no wolf tickets, you must be on that drank though  
Probably why you niggas somewhere empty like your tank low
