

# Before I Die

Trae

You have no idea what my eyes have seen (Seen)  
I'm blessed to be here  
'Cause when I look at the ground  
Feel like I'm next to be there  
So I live before I die  
So I live before I die  
And you have no idea how far I'd go  
To get back through here now  
And I don't wanna end up another tattoo tear

So I live before I die  
So I live before I die, ooh, ooh  
I gotta live, live, live  
I gave all I can give  
So I live, live, live  
Before I die, ooh, ooh

All my enemies stay in the huddle  
I been shinin', but they tryna block me  
It's my time and they know they in trouble  
End to end, I'm the only one got me  
There ain't no stoppin' me, I gotta get it  
How they movin', they know I ain't with it  
Out they circle, they know I don't fit in  
On my kids, they know I'm with it  
Yeah, I'm all in, but I feel like I'm livin' to die  
I never smile 'cause I feel like I'm living a lie  
Pray hard to myself when I'm talking to God  
I wanna stop, but I feel like He telling me try  
I'm from the dirt, never thought I was making it out  
Everything I had gone, it's makin' me doubt  
Kind of hard when you there for the rest of the world  
Thinkin' 'bout what I'm finna do 'fore they takin' me out  
For every nigga that I lost, just tell 'em I'm ridin'  
If anybody in the way, then guess I was slidin'  
Somethin' special to the world, I feel like I'm hidin'  
I'ma show I'm innocent when I finish a fight  
I'm in the dark, but I'm hoping days getting better  
It rain hard when the cold days gettin' wetter  
It ain't the day my daughter see her daddy tappin' out  
It's all good, but she know her daddy wouldn't let her  
I'm on the way now, feelin' like I'm mixed up  
I never risk, so I know I gotta bless up  
All these years of my life I done messed up  
Everything inside of me fuckin' my chest up  
I gotta shake back twice for the take back  
I'ma send it out and tell them they can take that  
Fall off, I can't do, know they hate that  
I'm still here, can't nobody break that  
I gotta

Live, live, live  
I gave all I can give  
So I live, live, live  
Before I die, ooh, ooh  
I gotta live, live, live  
I gave all I can give

So I live, live, live  
Before I die, ooh, ooh

Feel like I wanna get away, but I feel like there's no way  
Watchin' what I do, now they feel like they know Trae  
Doin' what I want, I'ma only play as a boss  
It don't matter what they sayin', I'm givin' them no say  
Even when it get rough, I feel it wasn't a loss  
It don't matter what it costs, I was takin' care of the house  
I gotta make it back every time I leave out the crib  
It's a cold world, though, any minute, you get crossed  
One wrong move, your shit gon' get tossed  
Every day, I wake up hustlin' like Ross  
Get what I want, it don't matter what the cost  
Brand-new whip, this shit gon' get flossed  
Wanna see clear, but I feel like it's clouded  
I don't wanna do the middle shit, I feel like it's crowded  
I pull up on they spot, go to takin' them out  
No limit like P, got me thinkin' about it  
Feel like I was on they ass, ain't give 'em a pass  
I'm only out to give them the best, you niggas is trash  
They know I got my foot on the gas, they hopin' I crash  
Even when it's over with that, they know I'ma mash  
This for the life I live, the ones in pain  
Even if we in two worlds, we run the same  
Gotta wait for my call, I hope it ring  
If God say I gotta check out, I've done my thing

You have no idea what my eyes have seen (Seen)  
I'm blessed to be here  
'Cause when I look at the ground  
Feel like I'm next to be there  
So I live before I die  
So I live before I die  
And you have no idea how far I'd go  
To get back through here now  
And I don't wanna end up another tattoo tear

So I live before I die  
So I live before I die, ooh, ooh  
I gotta live, live, live  
I gave all I can give  
So I live, live, live  
Before I die, ooh, ooh
