Tryna see who finna slide next
Money on it, you can tell 'em to pay up

Make 'em tired to the point they can't stay up
Trunk on the whip be shakin', equator

Trae got an ABN play for B-A-N-D's (Cha-ching)
flight from the D, it's on, OG, you can hobby me
Most turnt Asian, wasabi king
We keep long-ass rockets, Yao Ming
down my block 'round speed bumps
I got a nickname everywhere, don't need compass
Split a jigga with my lean buddy, speed him up
Tried to pay me for it, I told him keep his money
Bro pay up front, tell him keep 'em comin'
I got blessings on the way they can't keep from me
It's some hoes in your phone you can't keep from me
Hit the road all alone, I don't need company
Bitch called me an asshole, then showed me hers
She had a Texas ass and a Texas pussy
Play road like a pussy, I'ma turn to an asshole
We eliminate each and every hazard to cash flow
Mano y mano, duck sauce diablo
Poured the H way, codeine ice cold
Networking , speakin' in code
You get a way longer run not treatin' fiends bold
They'll tell on them and leave you alone
But either way they told, you gotta leave 'em alone

You know everything big in the TX
Where we keep shit real, no BS
All this ice on my chest VVS
Nigga try to take mine, EMS
Wrist presidential, up-to-date, day-date
Ask me what's the date? Look like a ten-day
My bitch lookin' like she fresh off the runway
Goddamn, 'bout to have me a fun day
From the H to the D, pockets lookin' HD
Put it all on the line for the fee
(It been like that)
