

Concussions

Trae

Bust up your spine, what you know? I be bustin'
Got a boxing game, fool, so I give some concussions
Bust up— Bust up your spine, what you know? I be bustin'
Got a boxing game, fool, so I give some concussions, nigga

Slap something like it's in the middle of a fight
Know a couple jacks wanna get me at the light
Everything green, got me looking like a Sprite
Doors up like I'm on the way to get a flight
Somewhere in the city where they yelling, "King Truth"
Grey double cups, sippin' on a pink deuce
Better tighten up nigga, shit get loose (Bust up your spine)
If I'm in the place, got diamonds on my tooth
Every other day, blowin' money in the mall
Finished up school, but I'm still tryna ball
All this glass, finna make a nigga crawl (Give some concussions, nigg
a)
I ain't finna play, all I do is make calls
Tell 'em if its up, then it's stuck where it's up
Niggas out of luck when I jump in the truck
Me and Tonathon stay tucked in the cut
Quarterback plays every day, yelling, "Hut"

Bust up your spine, what you know? I be bustin'
Got a boxing game, fool, so I give some concussions
Bust up— Bust up your spine, what you know? I be bustin'
Got a boxing game, fool, so I give some concussions, nigga

I be in the hood, somewhere running up a check
Jumping out the Benz, go to jumping in the 'Vette
Good with the hands, bet a nigga get checked (Give some concussions,
nigga)
Send who you want, bet a nigga get wrecked
I be in the streets full time, can't quit
Worry 'bout who? Niggas ain't on shit
Niggas be broke, shit can't get fixed (Bust up your spine)
Not like me, shit can't get mixed
G-O-D, that's word to 3-2
S-U-C, that's word to me too
Deuce out the roof, that's word to Big Steve
Swang and I swing, can't forget Screw
Still Wreckshop like I was Big Moe
If you don't really know about that, you can't go
Anything we gon' bang, it be slow
Trunk raise up, just make the seat glow

Bust up your spine, what you know? I be bustin'
Got a boxing game, fool, so I give some concussions
Bust up— Bust up your spine, what you know? I be bustin'
Got a boxing game, fool, so I give some concussions, nigga
